Excerpts from ODP Div/Staff Reports for Week Ending 11 August 1982

Management Staff

1984 OMB Submission. The 1984 OMB Submission was submitted on schedule to the DDA and Comptroller on 10 August. The out-year trend in 1984 dollars shows a continuing decrease through 1988. However, in then-year dollars (after adjusting for inflation), the 1988 budget shows a 24% increase over 1984 instead of a 10% decrease. (U/AIUO) [ ]

Federal Procurement Regulations. Comments were solicited from ADP Control Officers and others concerning a proposed amendment to the Federal Procurement Regulations (FPRs). The amendment provides a number of changes applicable to the ADP acquisition process regarding:

- a. The definition of ADPE
- b. The responsibility of Agency-designated senior officials
- c. Use of schedule contracts
- d. Evaluation factors

Finance. As of 11 August, \$36,338 was advanced to 78 ODP travelers. No accounts were delinquent. (U/AIUO) [ ]

Applications

Support to OSWR. Technical Analysis & Display System (TADS). The Deputy Director for Processing has approved the delivery of all VM/SP modifications made by SPD to TRW pending approval by ISSG and OL. These modifications are being provided so that an unclassified version of TADS may be installed at the TRW Washington Operations headquarters to be used by uncleared TRW personnel while awaiting Agency security clearances. These modifications are also necessary for subsequent installations of TADS at other Government locations. The Agency will retain dissemination control over the VM changes as well as the TADS software. (U) [ ]

Graphics Support Group. On Tuesday 3 August, a meeting was held at Decision Resources to preview a new version of ECO (Extendable Charting Option). After a demonstration to the new

ECO, which has an improved menu structure, it was decided that the Agency would go with the new version instead of enhancing our original version of ECO. There will be no difference in cost and all applicable enhancements will be made to the new system. A delivery date of 30 September was set for the first copy of the new system. The finished version will be delivered on 15 November. Attending the meeting were [redacted] from ODP, and [redacted] from Decision Resources. (U) [redacted]

12 August 1982

MEMORANDUM FOR: Deputy Director for Administration

FROM: Bruce T. Johnson  
Director of Data Processing

SUBJECT: ODP Report for Week Ending 11 August 1982 (U)

1. Electrical Power Outages

Several electrical power problems were experienced on 5 and 6 August. On 5 August a surge in VEPCO power resulted in a total outage (the UPS serving the Special Center was offline for service). On 6 August a circuit breaker problem caused an outage to Telex 3350 devices. The Special Center was the most severely impacted; CAMS lost over 4 hours, MPS47 lost over 11 hours, TPSTAR lost over 9 hours, TPNIPS lost 7 hours, and DDOGIMS lost over 5 hours. (U) [REDACTED]

2. SAFE

3. Word Processing Activity

Since ODP signed the contract with WANG on 21 May to procure WANG WP systems as the Agency standard, ODP placed the following orders for various Agency offices: 37 WANG Alliance Systems, 31 WANG 7525 Systems, 7 WANG 7520 Systems, 262 work stations and 116 printers. (U) [REDACTED]

4. Support to O/COMPT

Financial Resources System (FRS). Mass modifications on all budget exercise report definitions are completed. The changes were made to switch from the Program exercise to the OMB exercise and all OMB budget exercise reports are now available to the users. (U) [REDACTED]
